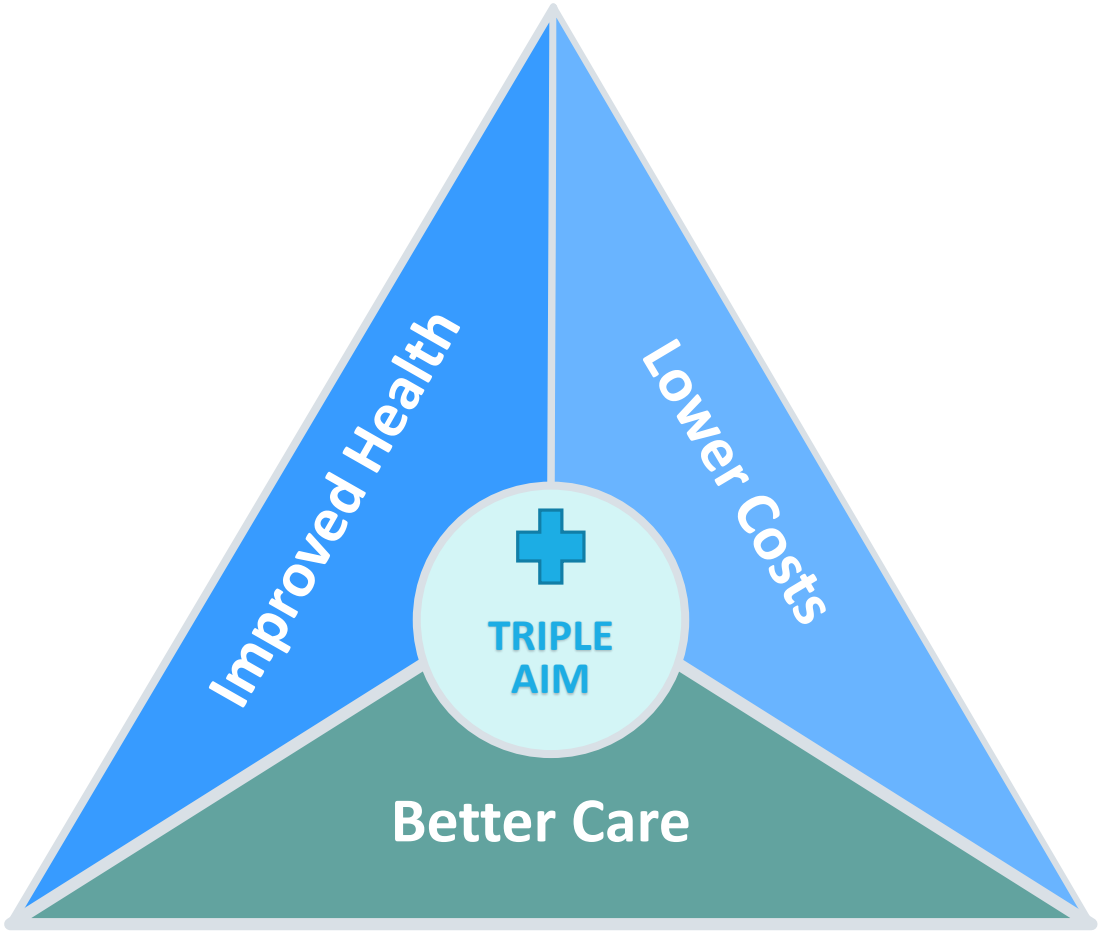
Michigan State Innovation Model (SIM)



A Shared Vision.
A Culture of Health.

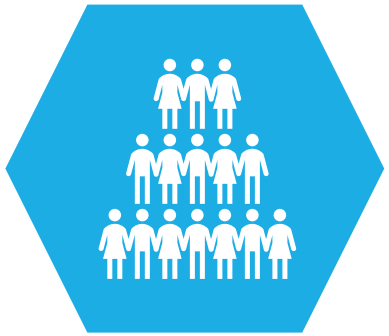
Backbone Organizations in Community Health Innovation Regions (CHIRs) serve as **Chief Health Strategist** to **build community capacity to drive improvements in population health**

NMCHIR

SIM funds are dedicated to five pilot sites in Michigan.

The Northern Michigan Community Health Innovation Region (NMCHIR) is our rural pilot.

10 County Region – Northwest MI



303,996
people

4,722
square miles

70%

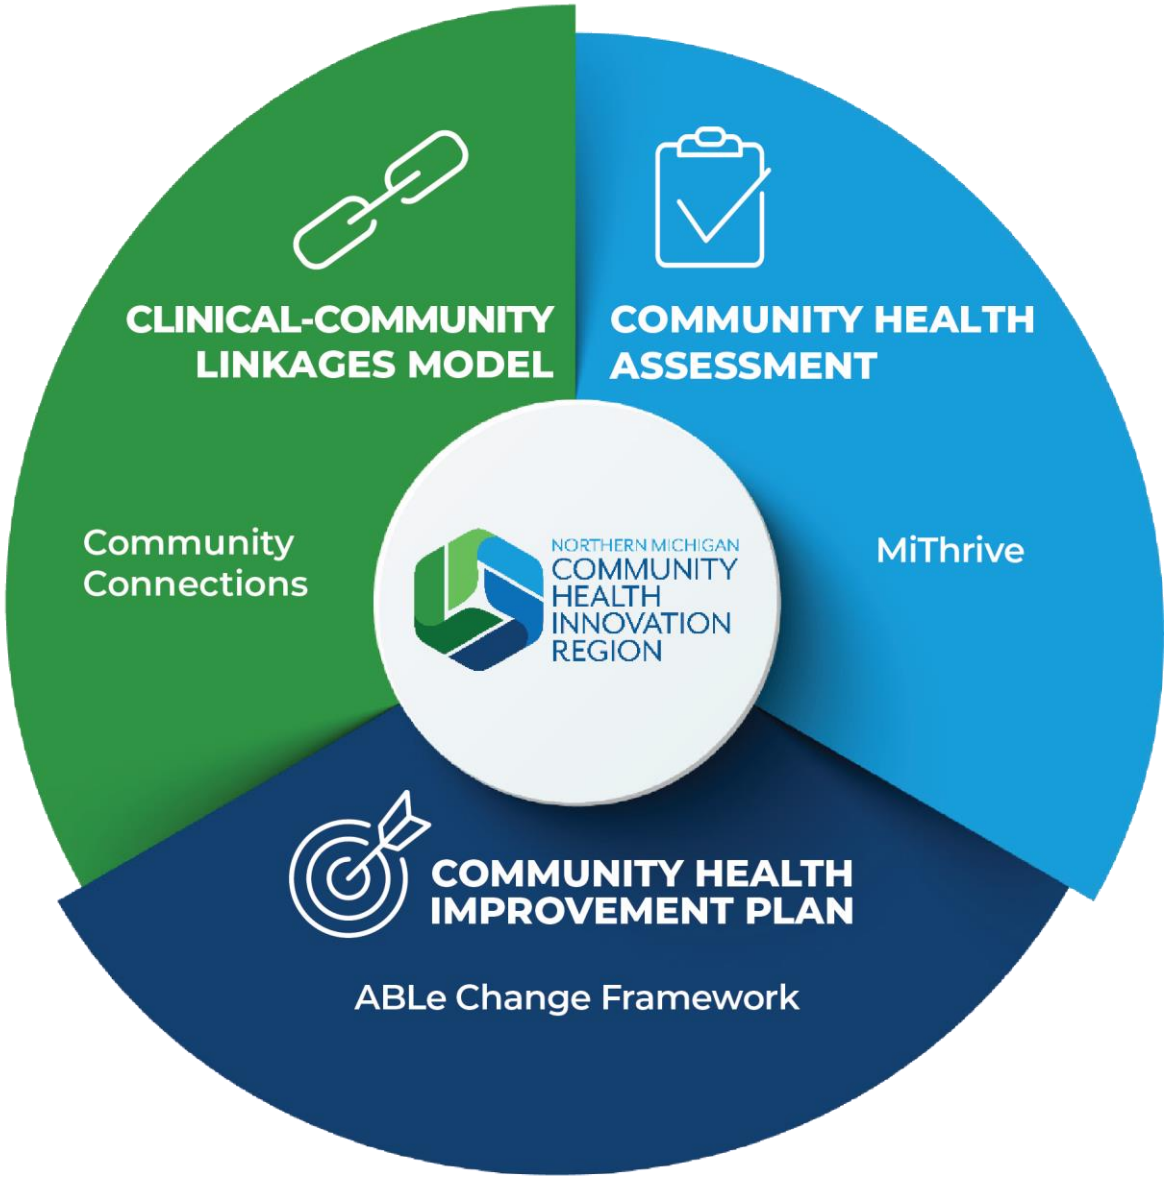
63.7
people per square mile

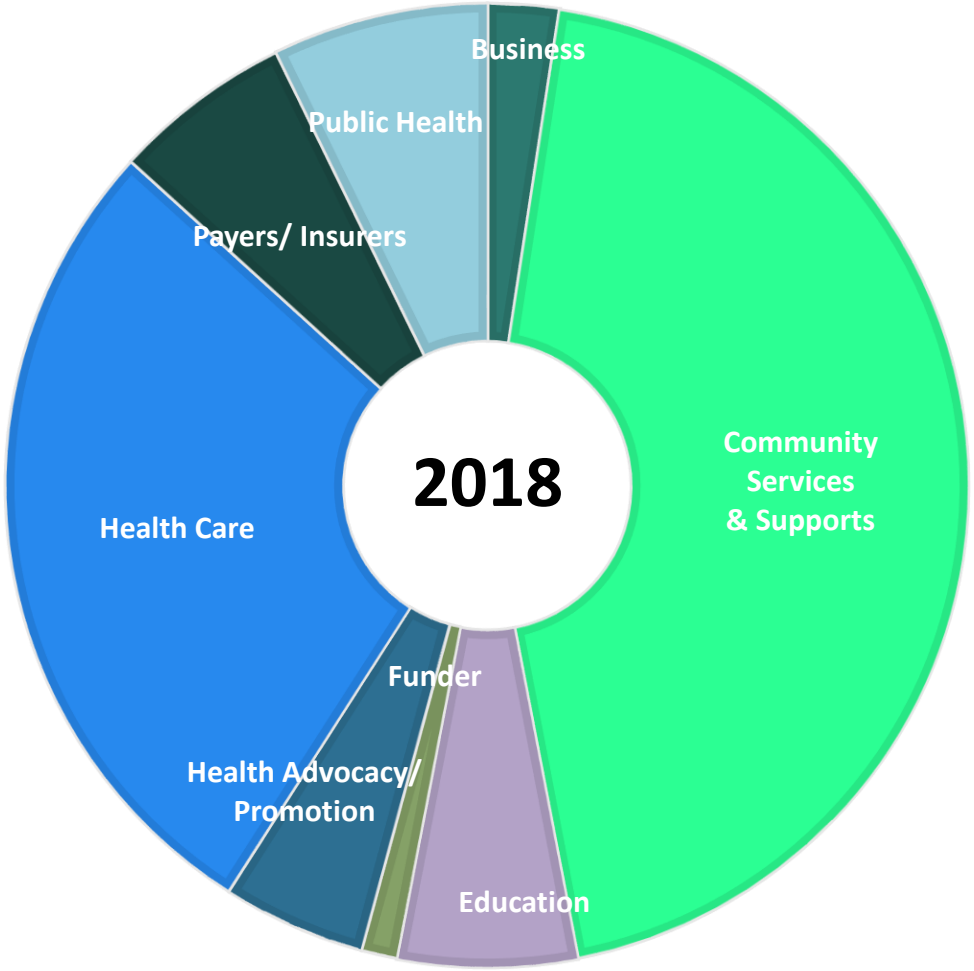
What Influences Health?

Community Health Innovation Region



NORTHERN MICHIGAN COMMUNITY HEALTH INNOVATION REGION

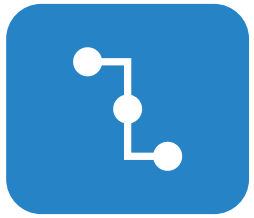
Evolution of CHIR Community Partners



Member and Partner Roles

Our partners initiate the process with clients by doing the following:

Administer our web-enabled SDoH screening tool (36 PCMH sites)



Make and receive referrals to our clinical community linkages model

Collect input from constituents

Participate in our Communication Plan Roll Out

Implement strategies to increase equity and population health

Conduct Organizational Assessments to assess how embedded systems change is in their own organization.

WHAT IS THE RESULT?

More Constituents at a Healthy Weight

WHAT WILL BEGIN TO HAPPEN?

Physical Activity Increases

Healthy Eating Increases

Bouts of Depression Decrease

WHAT WE NEED TO DO TO MAKE AN IMPACT?

Improve Social Determinants of Health

Affordable Accessible Healthy Food

Opportunities for Active Living

Creative, Accessible Transit Options

Affordable Housing

Integrate Community System Conditions

Align Policies, Practices, Efforts with Challenge Goals

Coordinate Local Services, Programs & Efforts

Offer Relevant & Accessible Quality Programs & Support

Be Responsive to Constituent Voice

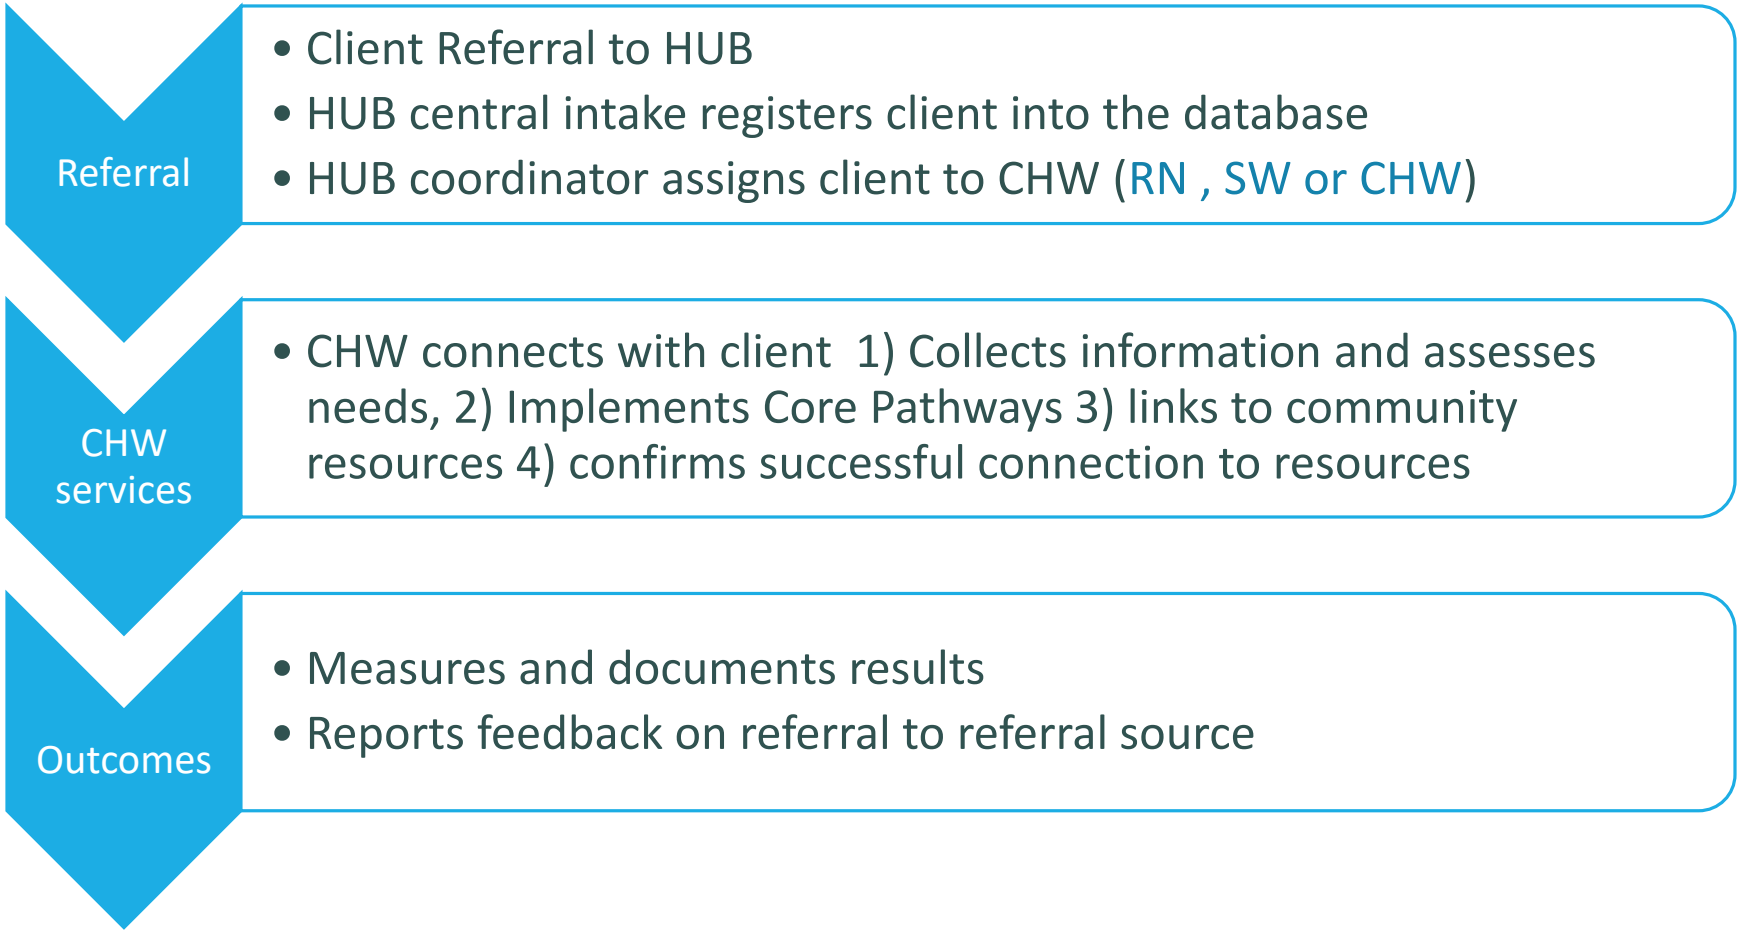
Community Connections HUB process

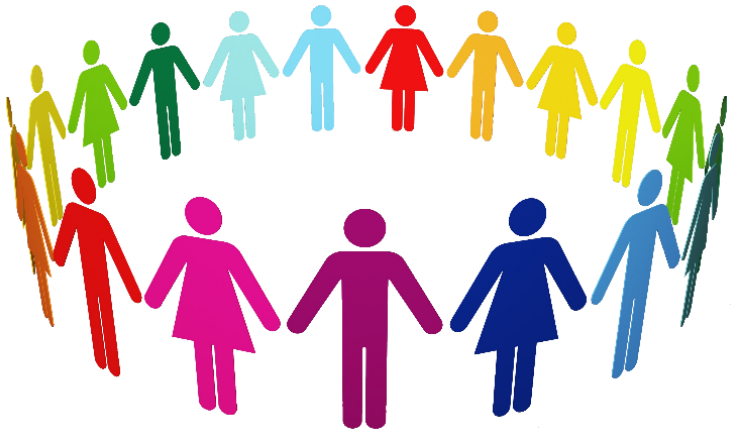


2018 – May 2019 PCMH Screenings

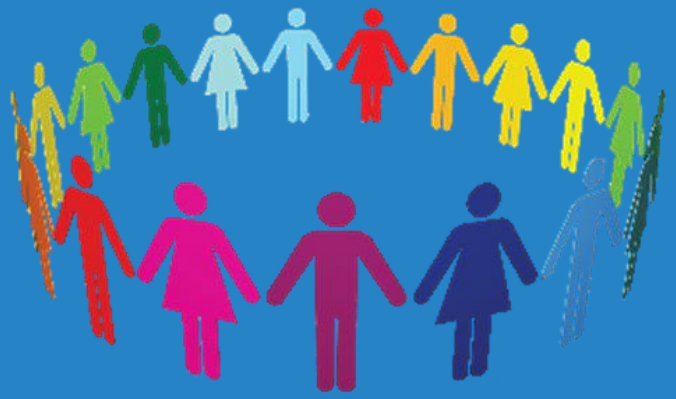
27,961 Screenings Completed in PCMH and CBO offices

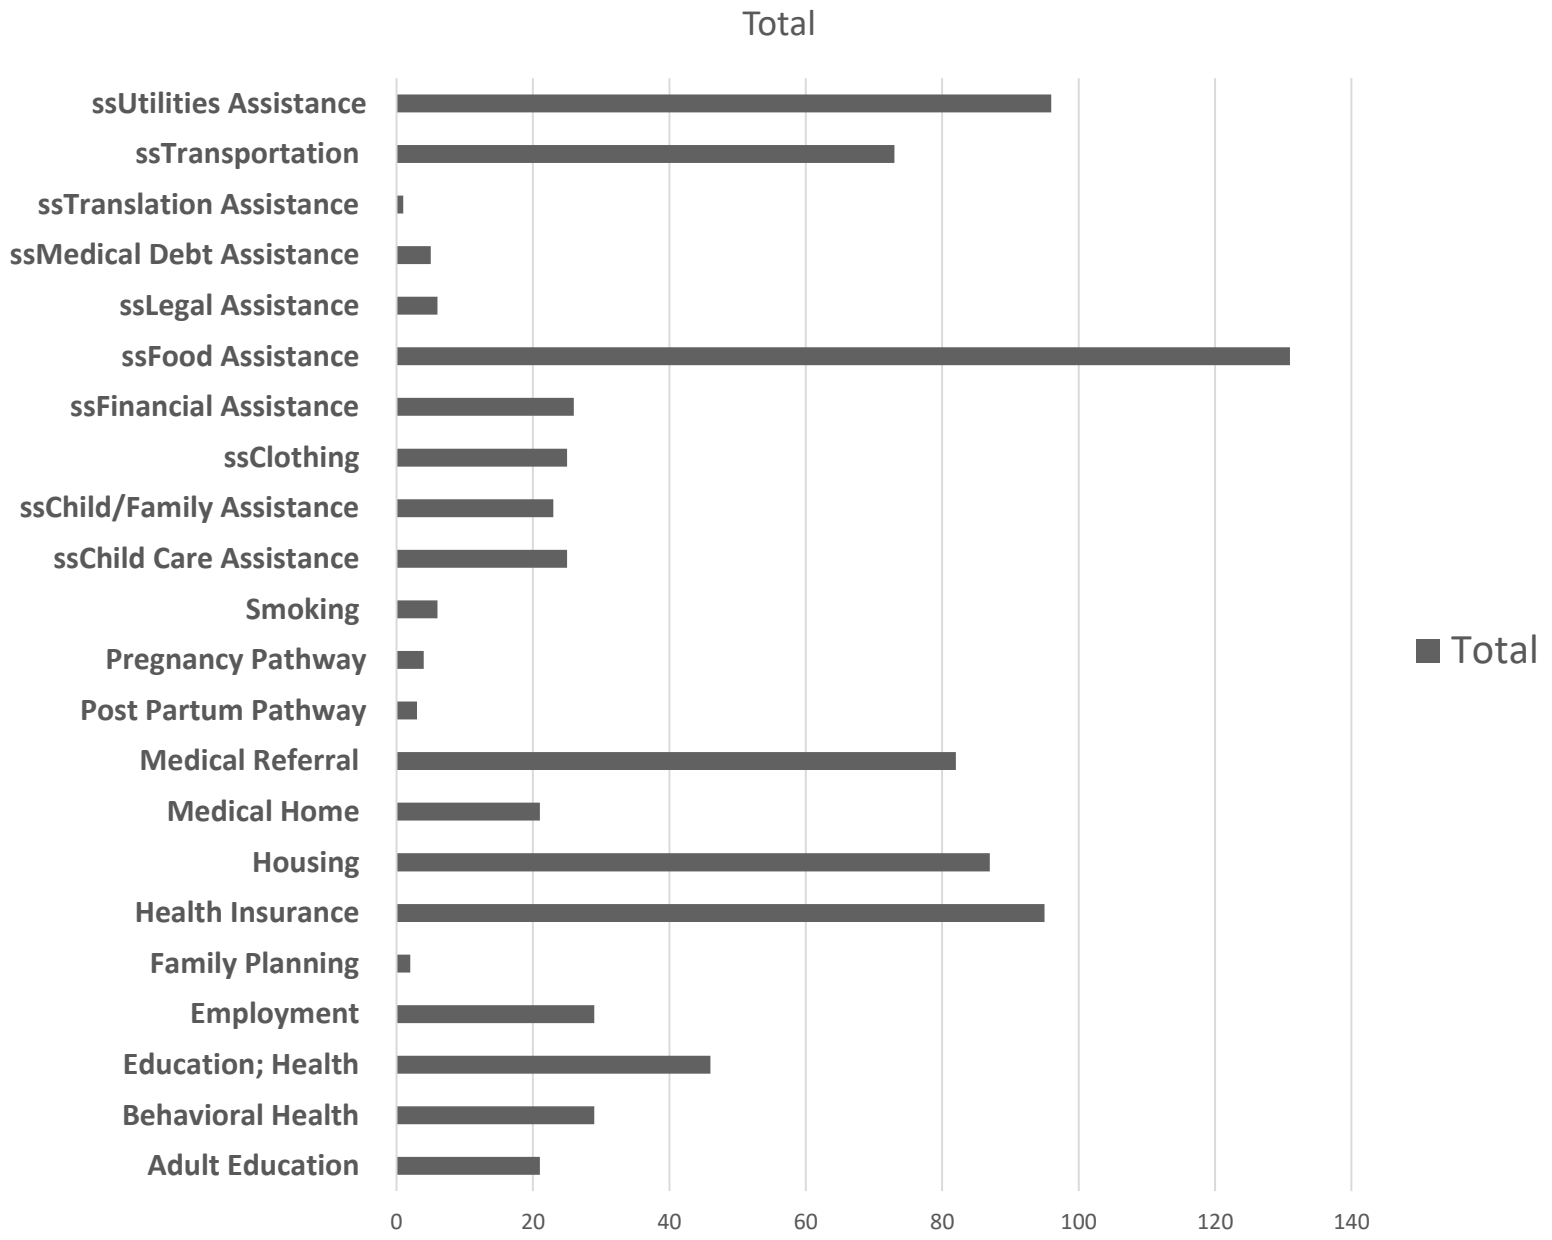
14,135 Completed Screenings with Needs (50%)

2,932 Number of completed screenings who identified needs, wanted assistance and provided consent (21%)

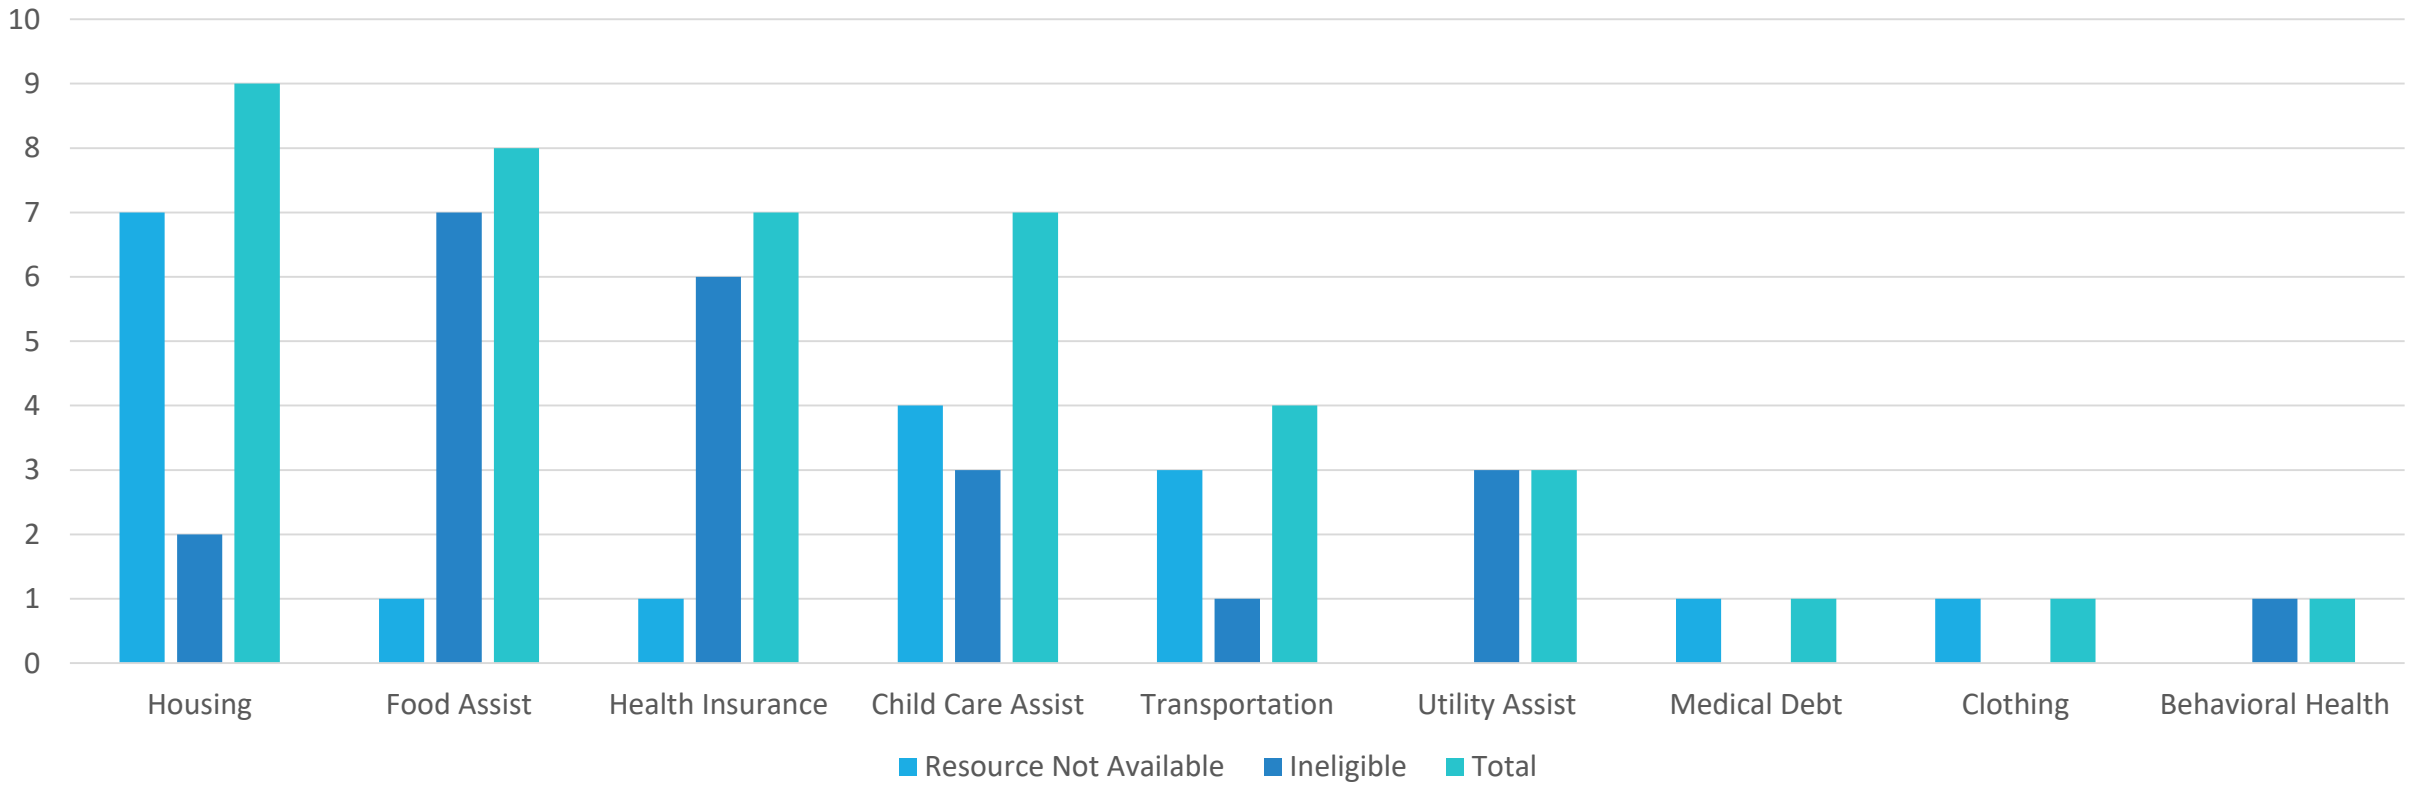


Pathways Complete and In Progress – 10 Counties 2018





Pathways Incomplete – No Resource or Ineligible
10 Counties 2018

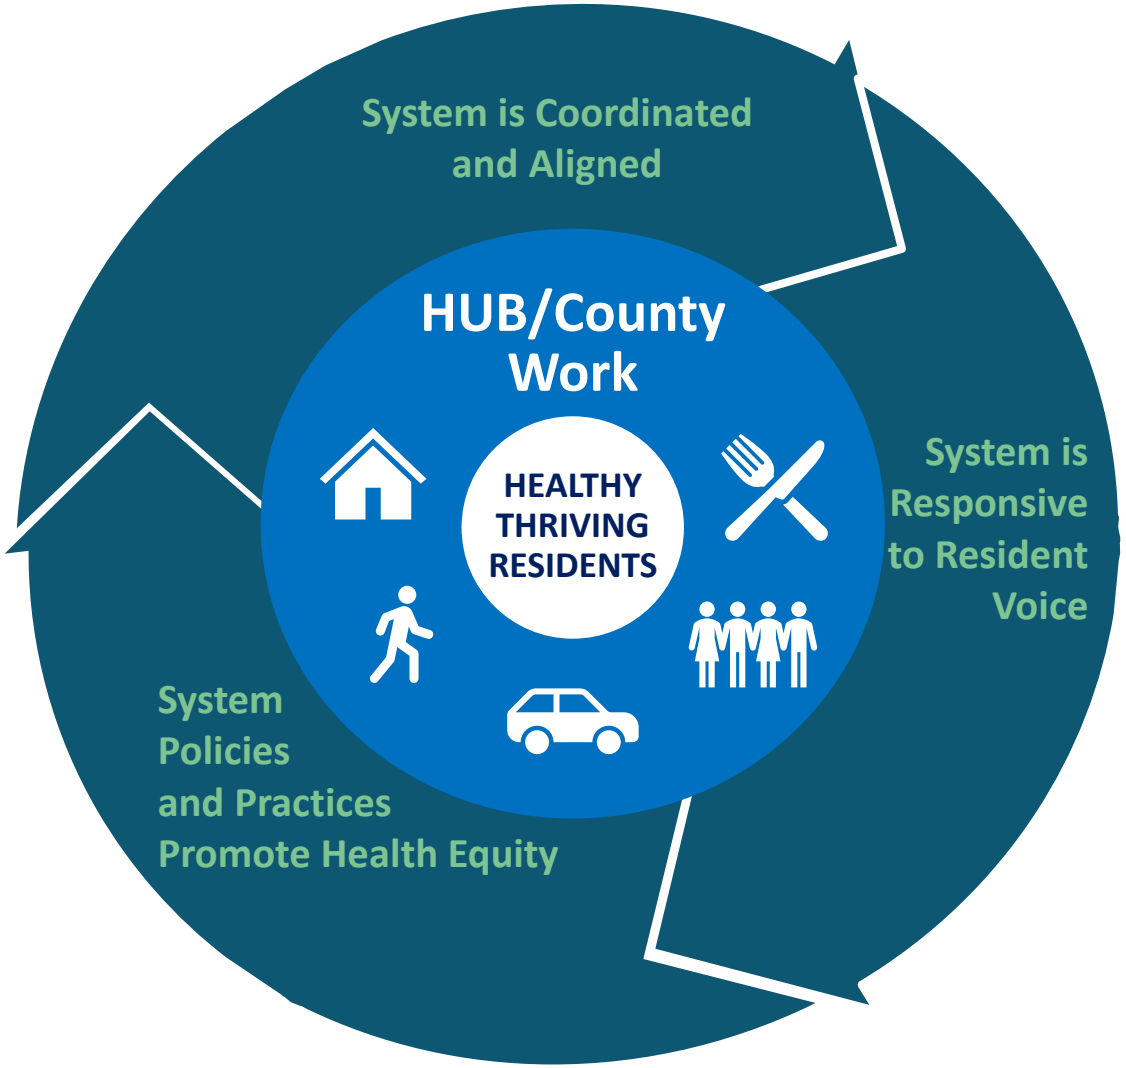


Improving Health In Northern Michigan

GOAL 1:

Transform Counties

Improve community conditions promoting health within 10 regional counties

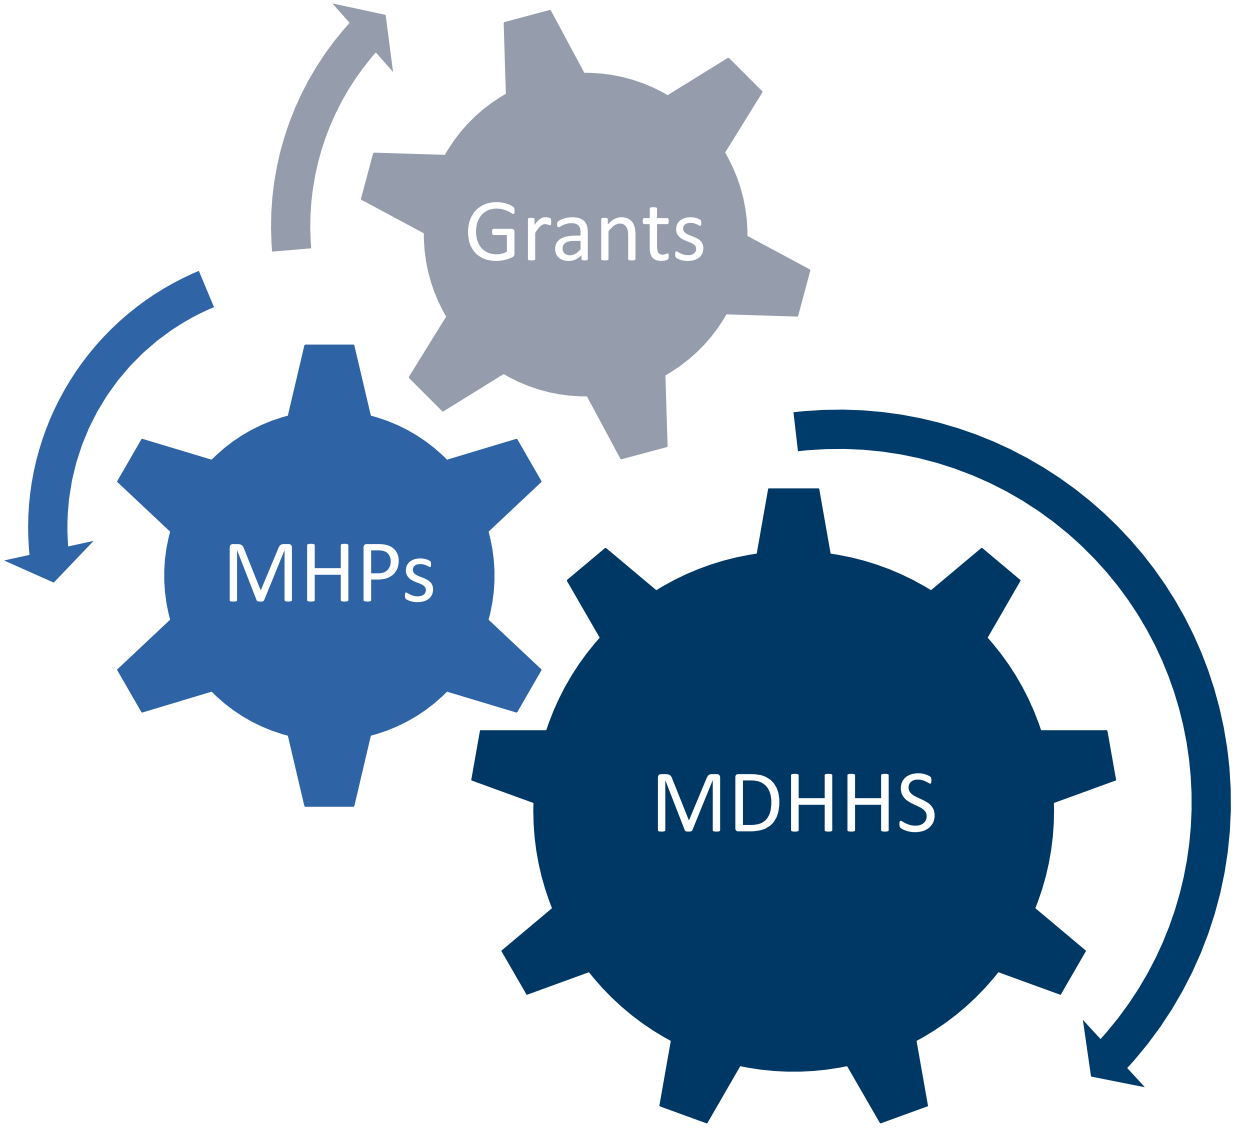


GOAL 2:

Transform the System

Improve within and cross-sector system alignment and responsiveness

CHIR Sustainability Post-SIM Period



MDHHS/MHPs

Funding

- Backbone Organization
  - Other funders unlikely to support BBO
- Screening integrated into MiBridges
- Clinical Community Linkages
  - Medicaid funding alone is not sufficient

Influence

- Medicaid Health Plans
  - Continued PCMH requirement to screen for social needs
  - Contract Reimbursement for HUB navigation services
  - State Plan Amendment for CHW services reimbursement
  - Medicaid Bulletin for Children's Health Access Program

Federal, State, Local Funding

Community Health Assessment and Planning

- **Regional funding strategy includes local health departments, hospitals, and others**

Community Health Improvement

- **Aligned regional "Funders' Circle" to support local implementation of CHIPs**
- **State initiative funding to CHIRs (Housing, Heart, etc)**
- **Aggressive pursuit of grants to meet local needs**

Strategic Sustainability Planning
